Egleston Will Rest.

Expects to Take a Trip Around the World.

T. C. Egleston, who recently sold out his business at Caldwell, is a Boise visitor. When asked last evening what he intended to do now, he said he would have to devote some time to his ranch interests in Nebraska. The valley in which his ranch is located is to be irrigated by works to be established by the government, and much of his land will thus be placed under canal. Consequently, it would need attention from him. "But," said Mr. Egleston, "I am primarily going to take a rest. I have been working all my life and have made up my mind to see some of the world before I become too old." Continuing, he said he had planned a trip that would extend over some 15 or 16 months. It included a visit to Japan next winter. From there he would go to Manila and spend six weeks in our island possessions. Proceeding to the mainland, he would work northward to Vladivostok and journey westward over the Siberian railway, stopping to inspect places of interest and to hunt. About the holidays he would reach the Russian capital, and after visiting other European points he would get back home some time in the spring.—Boise Statesman.

GOLDSMITH INTERVIEWED

Has a Good Word to Say for Caldwell's Great Growth.

L. A. Goldsmith, a prominent merchant of Caldwell, was in Boise over Sunday. Mrs. Goldsmith, who has been at St. Alphonsus' hospital for the past five weeks, where she underwent an operation, has fully recovered and returned home with him.

Mr. Goldsmith says Caldwell is having a good growth this spring and that the future looks bright for it. Walter Sebree is having put up a fine 100-room hotel, and Davis & Froman have let the contract for a two-room two-story block. The store rooms are already rented and the upper floor will be devoted to offices. The depot has been moved up the street on a line even with the postoffice and a 75-foot addition added to it to handle the increasing business.

Speaking of things political he said the people believed Governor Morrison would make a good governor, but as to the legislature, "We are pretty sore on that bunch," said he.—Capital News.

GREAT STOCK SALE.

Summary of Stock Shipments for a Year.

The state of Idaho contributed from the points a total in 1902 of 21,747 head of cattle to the markets of Chicago, Kansas City, Omaha and St. Joseph of which 18,231 were delivered at Omaha; 431 hogs were shipped to Omaha, being the only recorded shipment of hog; of sheep, the shipments amounted to 641,135 head, St. Louis, in addition to the four points named, having received 5,300, while Omaha scored with 241,624 to 207,776 for Chicago; of horses and mules there were shipments to all points named, the total being 11,052 head, Omaha leading with receipts of 4,457. For 1901, the Idaho shipments were, cattle 10,252, sheep 421,072, horses and mules 11,222.

Pork Fluctuations.

It is just like an auction to chronicle the rise of price in hogs during the past year and a half. Some one yells out, "going, going, gone"—and then the price takes another jump. Just now, it seems that the limit has been reached, \$6.75 per hundred for immediate delivery here in Grangeville, and \$7 for May and June contracts.

The rise in price, which has been steady for a year and more, has broken a number of records here. It has seemed impossible that the price should go higher from each step, or even hold even at a record price. But it has, and is still going.—Grangeville Standard.

A VERY RICH STRIKE

The Old Owyhee Hills Still Full of the Yellow Metal.

Silver City, April 13.—One of the richest strikes ever made in Owyhee county is reported from the Homestead group, 3½ miles north of this place. No discovery even in the early days ever made a better showing, not even those that were made on War Eagle mountain that led to the great gold bonanzas in that section.

The property shows from four to six feet of ore that runs from \$460 to more than \$700 a ton, the values being practically all in gold.

This is an entirely new property, being one that was discovered last year and has been developed during the winter. A tunnel was run 100 feet, cross-cutting the ledge at a depth of 60 feet. The ore has been drifted on for 25 feet from the tunnel, and has been found four to six feet wide, as stated.

The owners of the new bonanza are Dave Adams and George Schlaack. There is great excitement over the discovery here, as the development is such and the values have been so well ascertained that every one realizes the strike is of the very greatest importance. Its importance is increased by the circumstance of the property being in a new district.

GOES DRY

Preston, Idaho, Has Neither Saloons Nor Bawdy Houses.

Preston, Idaho, will be a dry town for another year. The party advocating the keeping of the saloons closed, won again in the recent village election. People up there must now buy their "40-rod" by the quart. Preston has no bawdy houses and, we are informed, never has had such a thing.

Preston is an enterprising, progressive town of from 12 to 15 hundred people, situated at the terminus of the Cache Valley railroad. At this place is located the beautiful Oneida Stake academy, a magnificent three-story structure, containing 8 large class rooms, an assembly hall 50x125 feet, and built of solid sandstone. The population is almost exclusively Mormon.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Blatchley's drug store.

Lewiston is to have a street railway.

The Socialists of Pocatello have already organized for the next campaign.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet."—H. D. Blatchley.

At St. Anthony the Republicans won in the recent city election.

For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills. They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally.—H. D. Blatchley.

STATE AUDITOR

Turner Holds, on the Advice of the State Attorney, that

AFFIDAVITS MUST BE MADE

By Officers, Declaring that They Have Purchased No State or Other Warrants, or Script.

Before receiving their salary warrants, all State officers must hereafter make affidavit that they have not violated any of the provisions of chapter 17 of the revised statutes, known as the "prohibition chapter."

This chapter provides that State, county, city, district and precinct officers must not be interested in any contract made by them in their official capacity. They are prohibited from purchasing or selling, or in any manner receiving to their own use or benefit, of or to any person or persons whatever, any State, county or city warrants, script, orders, demands, claims or other evidences of indebtedness against the State, or any county or city thereof, except evidences of indebtedness issued to or held by them for services rendered as officers.

Section 369, which directly effects the State auditor, provides that every officer whose duty it is to audit and allow the accounts of other State, county, city, district or precinct officers, must, before allowing such accounts, require each of such officers to make and file with him an affidavit that he has not violated any of the provisions of the prohibition chapter.

State Auditor Turner, who is very thorough in the administration of his department, found that these affidavits had not been subscribed to in the past and wishing to make sure of his ground asked Attorney General Bagley for an opinion on the subject.

The attorney general replied that the auditor was not justified in issuing warrants to any officials who had not made affidavit as required.

Backed by this opinion, Mr. Turner will hereafter require an affidavit from each officer before issuing his salary warrant.—Statesman.

IRREGULARITIES CLAIMED

Some Bad Things Might Have Been Done—Not Very Bad, Though.

It is claimed that in the recent city election at Nampa there was considerable illegal voting. The Capital News correspondent from Nampa winds up his dissertation on the subject by this quotation, "Let him without sin cast the first stone," which would lead the outsider to believe that not only was there illegal voting, but lots of it. One might also infer that illegal voting is a habit with Nampa people, and that it has so thoroughly percolated through the strata of Nampa society, as to leave none there without a stain. We think this a slur on the the citizens of Nampa and does them a rank injustice. Some of the best, most moral and purest people we have met are citizens of Nampa.

Girl Suicides.

Miss Ollie Dumbauld, daughter of a prominent farmer on the Potlatch, committed suicide last week by drinking carbolic acid. A lover's quarrel is given as the reason for the rash act. The Wardner News commenting on the matter, says: "There is something woefully pathetic in the suicide of the young woman at Juliaette because of unrequited affection. It is exceedingly pitiful that a talented, accomplished and beautiful girl, about to graduate at school, and the daughter of loving and well to do parents, should thus end her life upon the threshold of womanhood. The touching letter that she wrote to her sister but a few minutes before she took the poison that ended her young life, breathes such purity and piety that it cannot fail to fill every sympathizing heart with sorrow and wonder that such a dread-

ful thing could happen through the loveliest and holiest attribute of humanity."

NOTICE OF BOND SALE.

Notice is hereby given that in pursuance of a resolution adopted by the board of Directors of the Oneida Irrigation District, on the 28th day of February, A. D. 1903, and spread upon the minutes of said board, wherein the board of directors of said district declared its intention to offer for sale the Bonds of said District in the sum of \$271,500. Now, therefore, in pursuance of said resolution, and in accordance with the irrigation district laws of the State of Idaho, notice is hereby given that Bonds of said District in the sum of \$271,500, are hereby offered for sale to the highest bidder on Friday, May 15th, 1903, at one o'clock, p. m. of said day, at the office of said Board, Preston, Oneida County, Idaho; and sealed proposals will be received by said Board at its office, up to the day and hour above given; said Board reserves the right to reject any or all bids.

Said Bonds of \$271,500 is part of an issue of \$281,618.13. The Bonds bear interest at seven per cent, payable semi-annually on the first day of January, and July of each year; Bonds are of the denomination of \$500 each, Interest coupons attached, interest and principal payable at the First National Bank, Logan, Utah. The Bonds bear date January 1st, 1903. Said Bonds to be payable in money of the United States, in ten series, to-wit:—At the expiration of eleven years, five per cent of the whole number of said Bonds; at the expiration of twelve years, six per cent; at the expiration of thirteen years, seven per cent; at the expiration of fourteen years, eight per cent; at the expiration of fifteen years, nine per cent; at the expiration of sixteen years, ten per cent; at the expiration of seventeen years, eleven per cent; at the expiration of eighteen years, thirteen per cent; at the expiration of nineteen years, fifteen per cent; at the expiration of twenty years, sixteen per cent.

The District Court of Idaho by its judgment rendered October 20th, 1902, declared legal and valid the said series of Bonds, and approved and conformed all proceedings had for the organization of said district. The Board of Directors reserves the right to sell an amount less than \$271,500. Bids will not be considered for less than par or face value of said Bonds, and accrued interest.

By order of the Board of Directors of the Oneida Irrigation District. Dated at Preston, Idaho, this 28th day of February, 1903.

Attest:
ADELBERT HENDERSON,
President.
ARTHUR W. HART, Secretary.

Caldwell, March 23d, 1903.

Daily from date to June 15th, inclusive, 1903, the following one way second-class rates specified below will be used when these rates are less than regular tariff rates:

FROM GRANGER AND SPANISH FORK
To Helena, Garrison, Anaconda, and Intermediate points.....\$20.00
To Spokane and Intermediate points including branches on the O. R. and N. Y. 22.50
To Portland, Tacoma, Seattle, Astoria, and Intermediate points, also to points in Oregon, Portland to Ashland inclusive, including branch lines.....25.00
Rates to points south of Portland must be routed via Portland only.
